**From:** Bonnie Crumby, Public Works *BC*  
**Date:** November 17, 2016  
**REF:** Avalon Dr proposed name change to "Avalon Ln"  
Map 59-16 / District 2

The current Avalon Dr is unimproved, with no addresses being used on this portion of right-of-way. The portion of Avalon Dr that does have addresses on it is a Private Drive.

If the unimproved portion of Avalon Dr were developed, there would not be enough address numbers available to be in sequence with the current Avalon Dr Addresses. For this reason, the Emergency Communications Center has requested that the name of the unimproved portion of Avalon Dr be renamed "Avalon Ln". Then a different series of addresses could be officially assigned for new future development.

The name of the unimproved Avalon Dr right-of-way from Chris St northward to its terminus has been requested to be renamed "Avalon Ln". A portion of the Property Map is enclosed showing this right-of-way.

The 2<sup>nd</sup> District Council Member, DeCosta Hastings supports this street renaming.

Please process this application. Let me know if you have any questions regarding the proposed street renaming.
