REF: Boscobel St renaming to "S 6th St"
Map 93-4 / District 6

There is a section of roadway officially named Boscobel St, that runs north off Shelby Ave and is adjacent to MDHA Edgefield Manor. The housing units accessed from this section of Boscobel St have always used "S 6th St" mailing and Enhanced 911 addresses. I've been told there was at one time a street sign at the intersection of Boscobel St and Shelby Ave that had "S 6th St" on it. For these reasons, Emergency Services currently have "S 6th St" in their system for this section of roadway.

The residences in Edgefield Manor are the only ones on this section of Boscobel St and it would be a great inconvenience for them to change their addresses to Boscobel St and for MDHA to change all their leases and legal paperwork for these units. Emergency Services and Council Member Withers agree that in order to avoid safety issues and confusion, this section of roadway should be renamed "S 6th St".

At the request of MDHA and in agreement with the Council Member, the Department of Public Works would like to propose that the name of Boscobel St from Shelby Ave to the curve, be officially renamed "S 6th St".

Enclosed is a portion of Map 93-4 with the section of Boscobel St that is proposed to be renamed to "S 6th St".

Please process this application.
