## LOCATION MAP

## PROPOSED SITE

## SITE OVERVIEW

# CONTEXT PLAN

Bellevue Road looking southeast into site.

Old Harding Pike/Carters Glen Drive

The proposed project site sits within a community that consists of primarily single family residences and some two-story townhomes. Amongst this residential area sits two commercial properties to the southeast of our site.

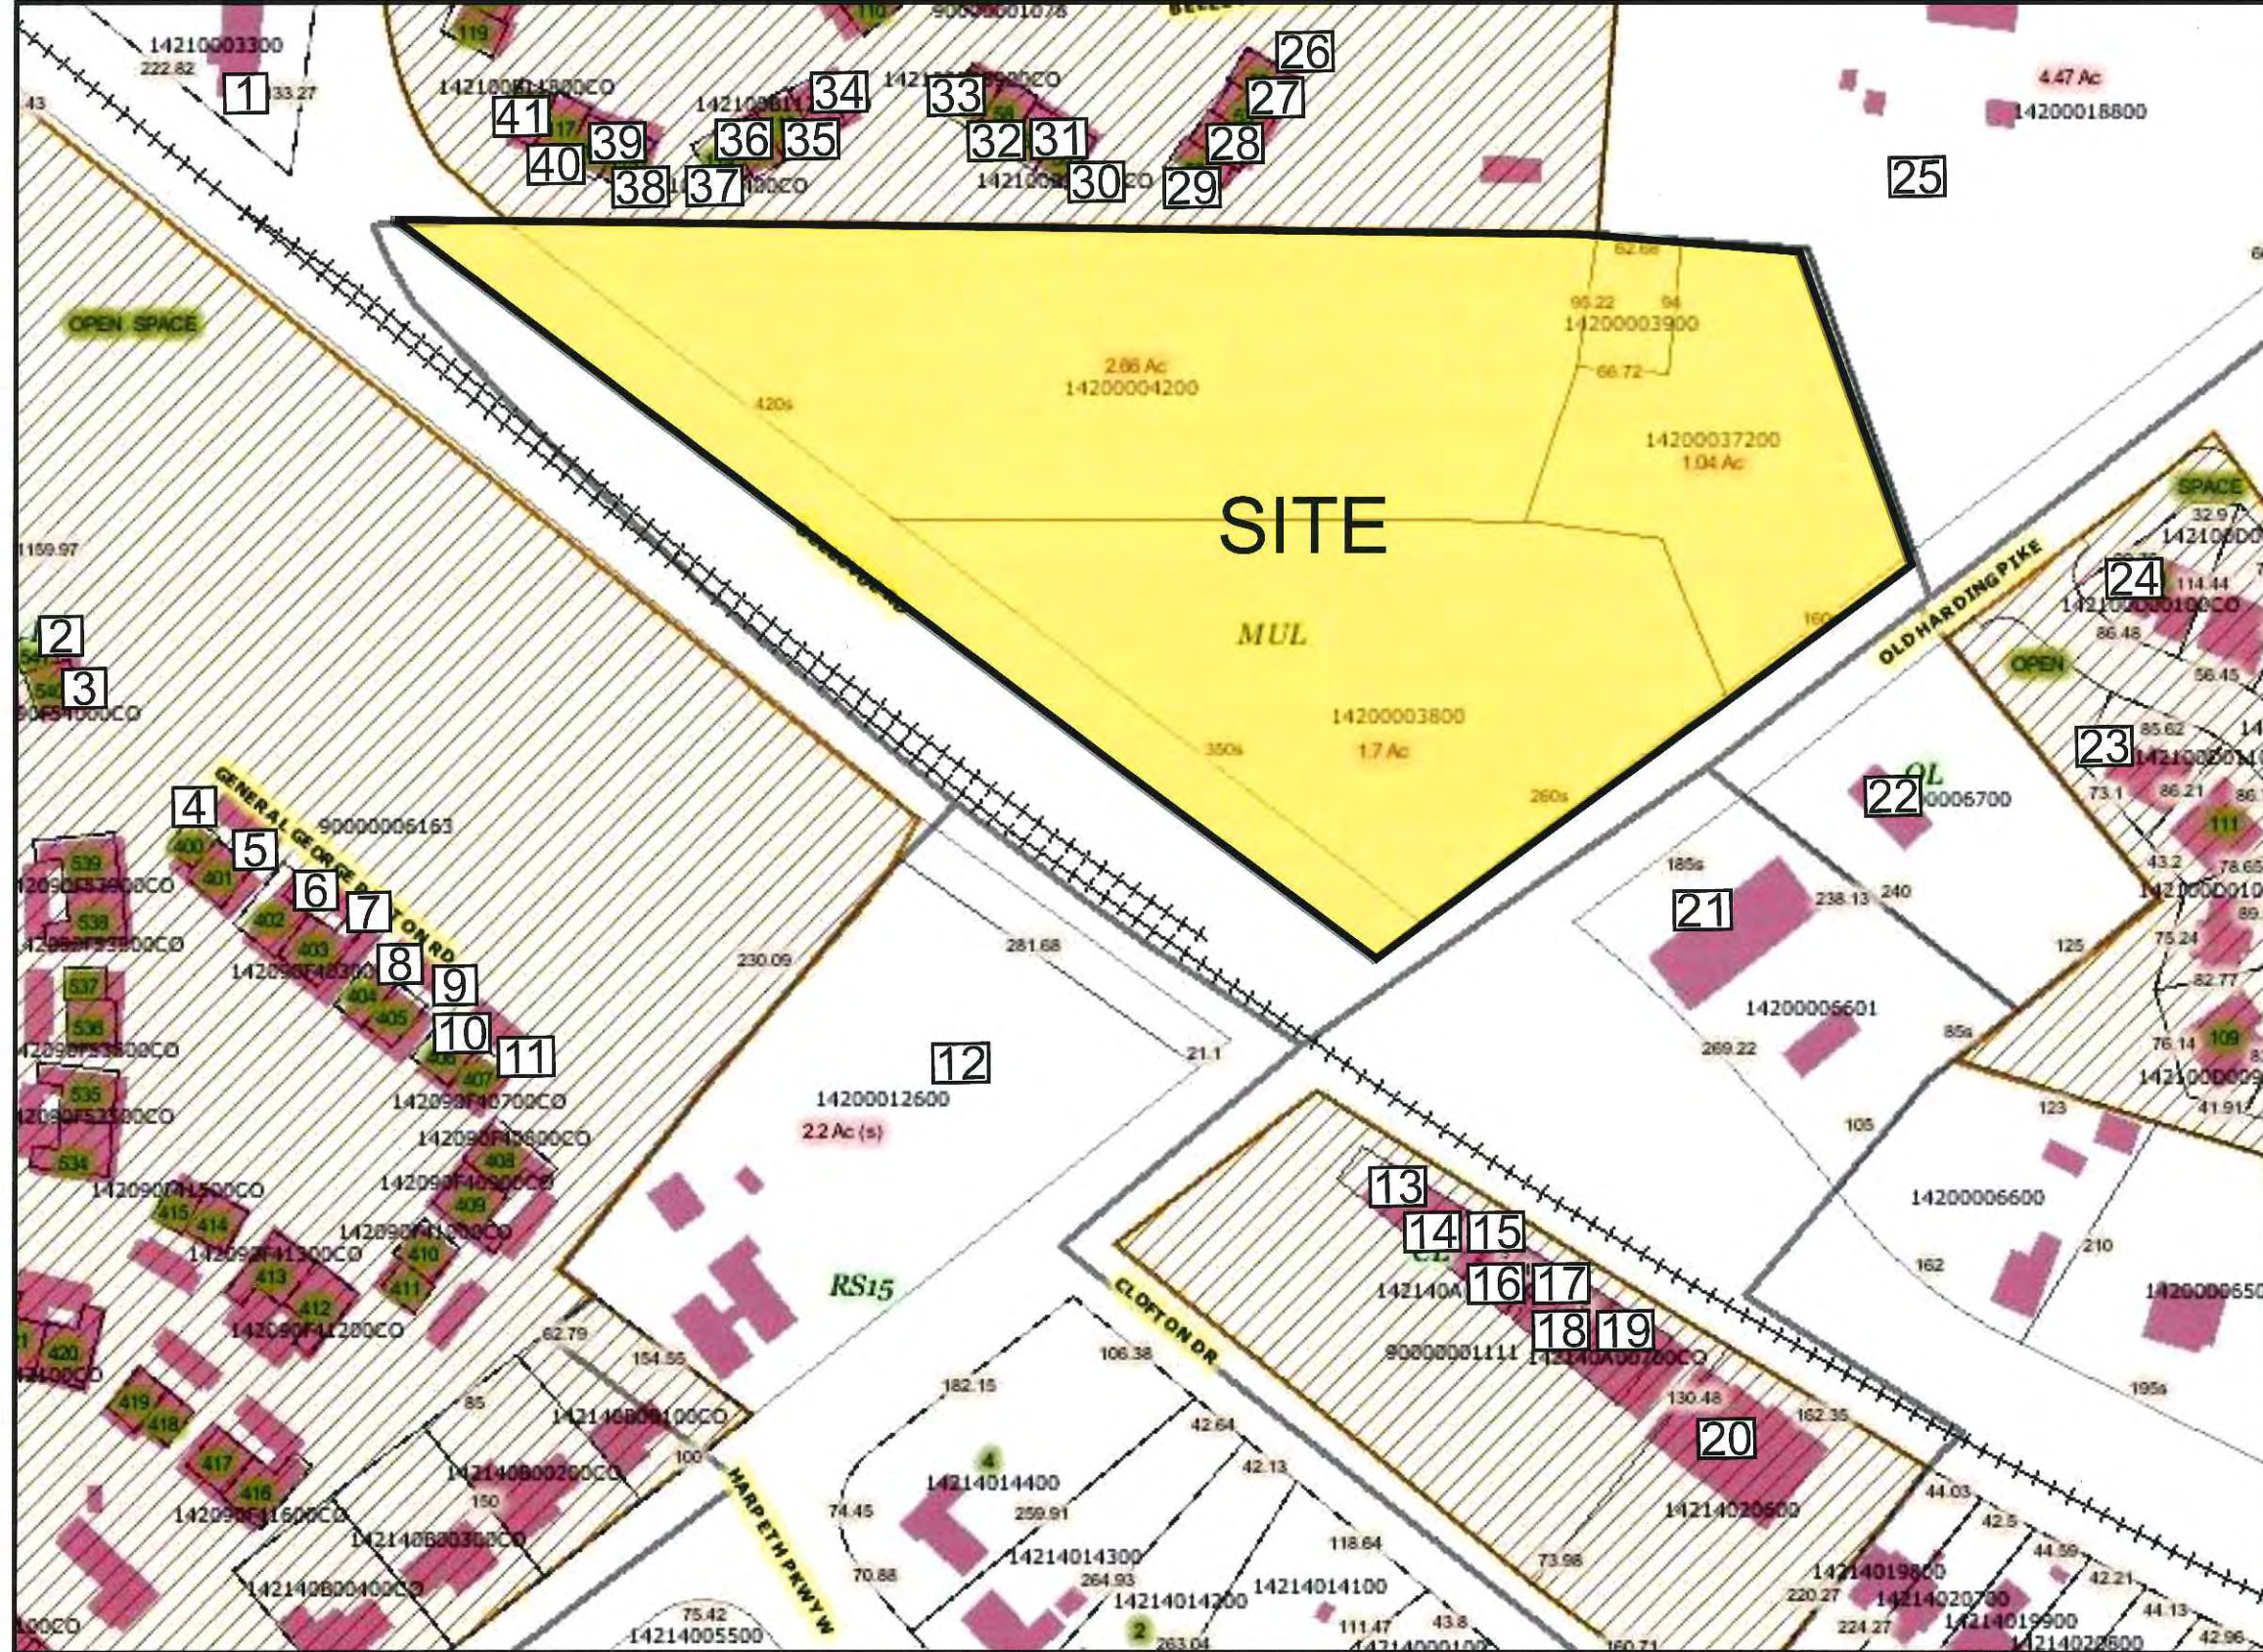

Bellevue Road looking northwest into site.

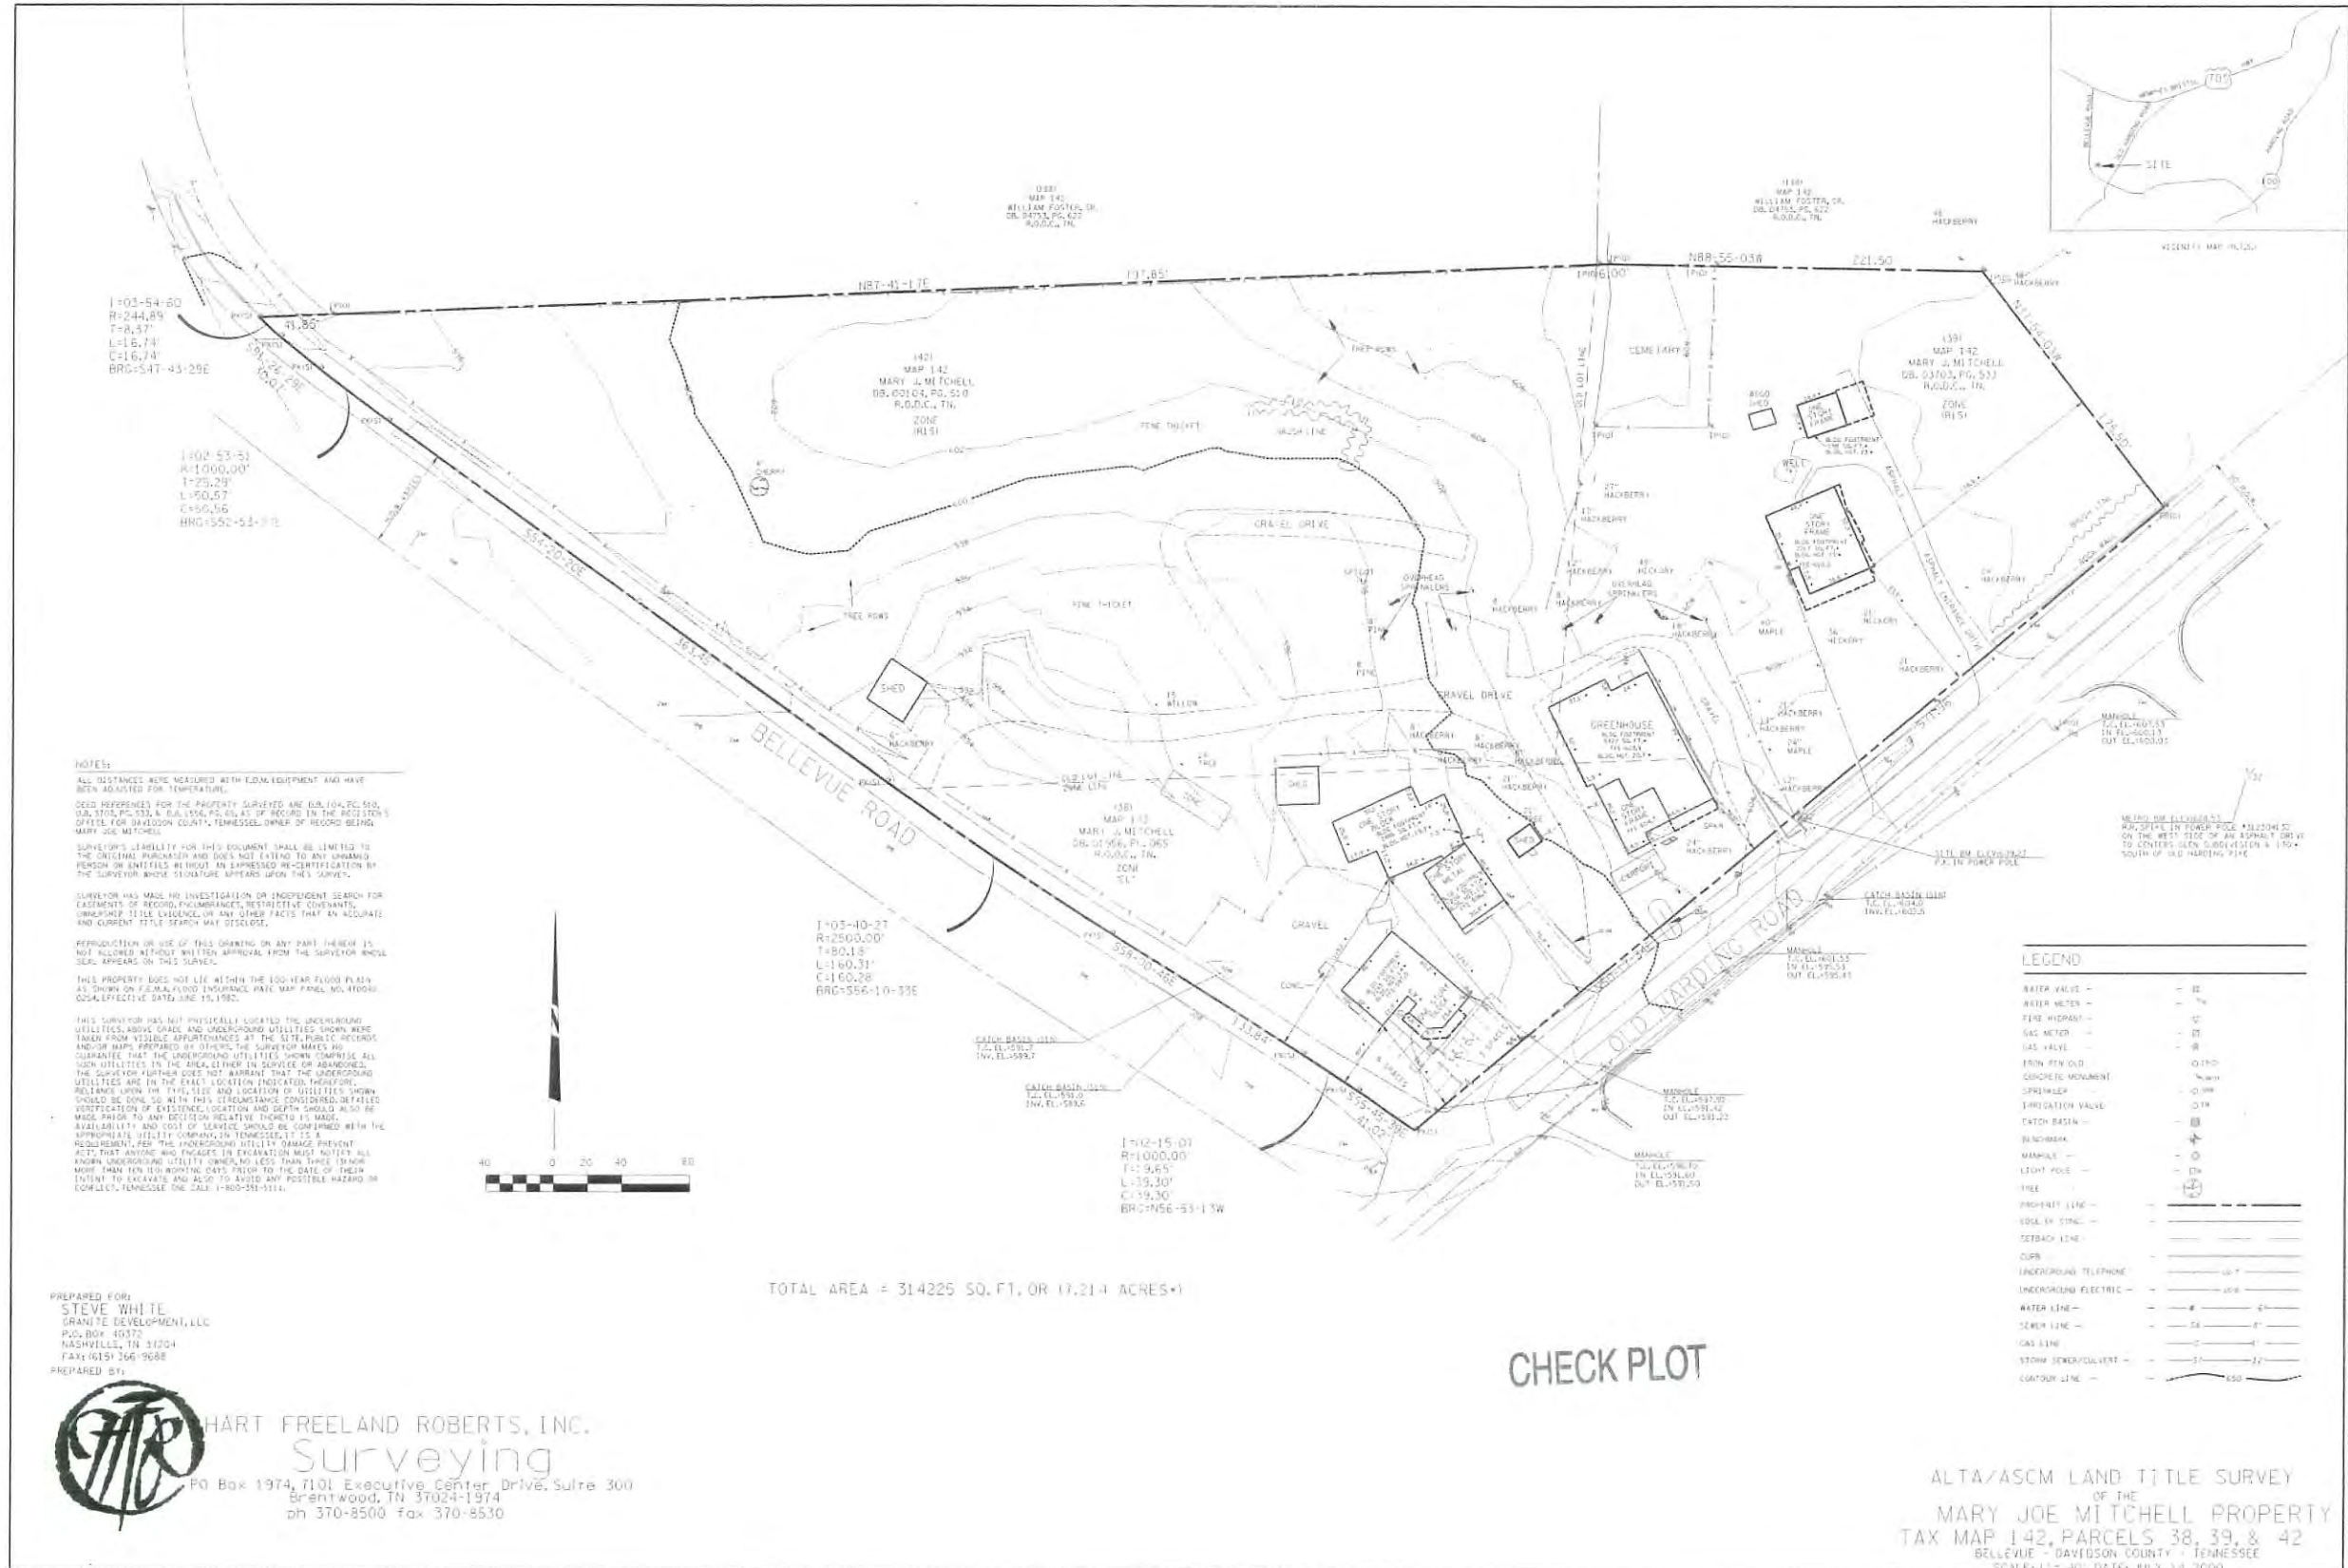

Old Harding Pike looking northeast

# EXISTING CONDITIONS

**The Purpose:**

The purpose of this S.P. Application is to provide a high-quality residential development at a price point for those professionals who serve our community so that they are able to live in the neighborhoods in which they serve.

**The Vision:**

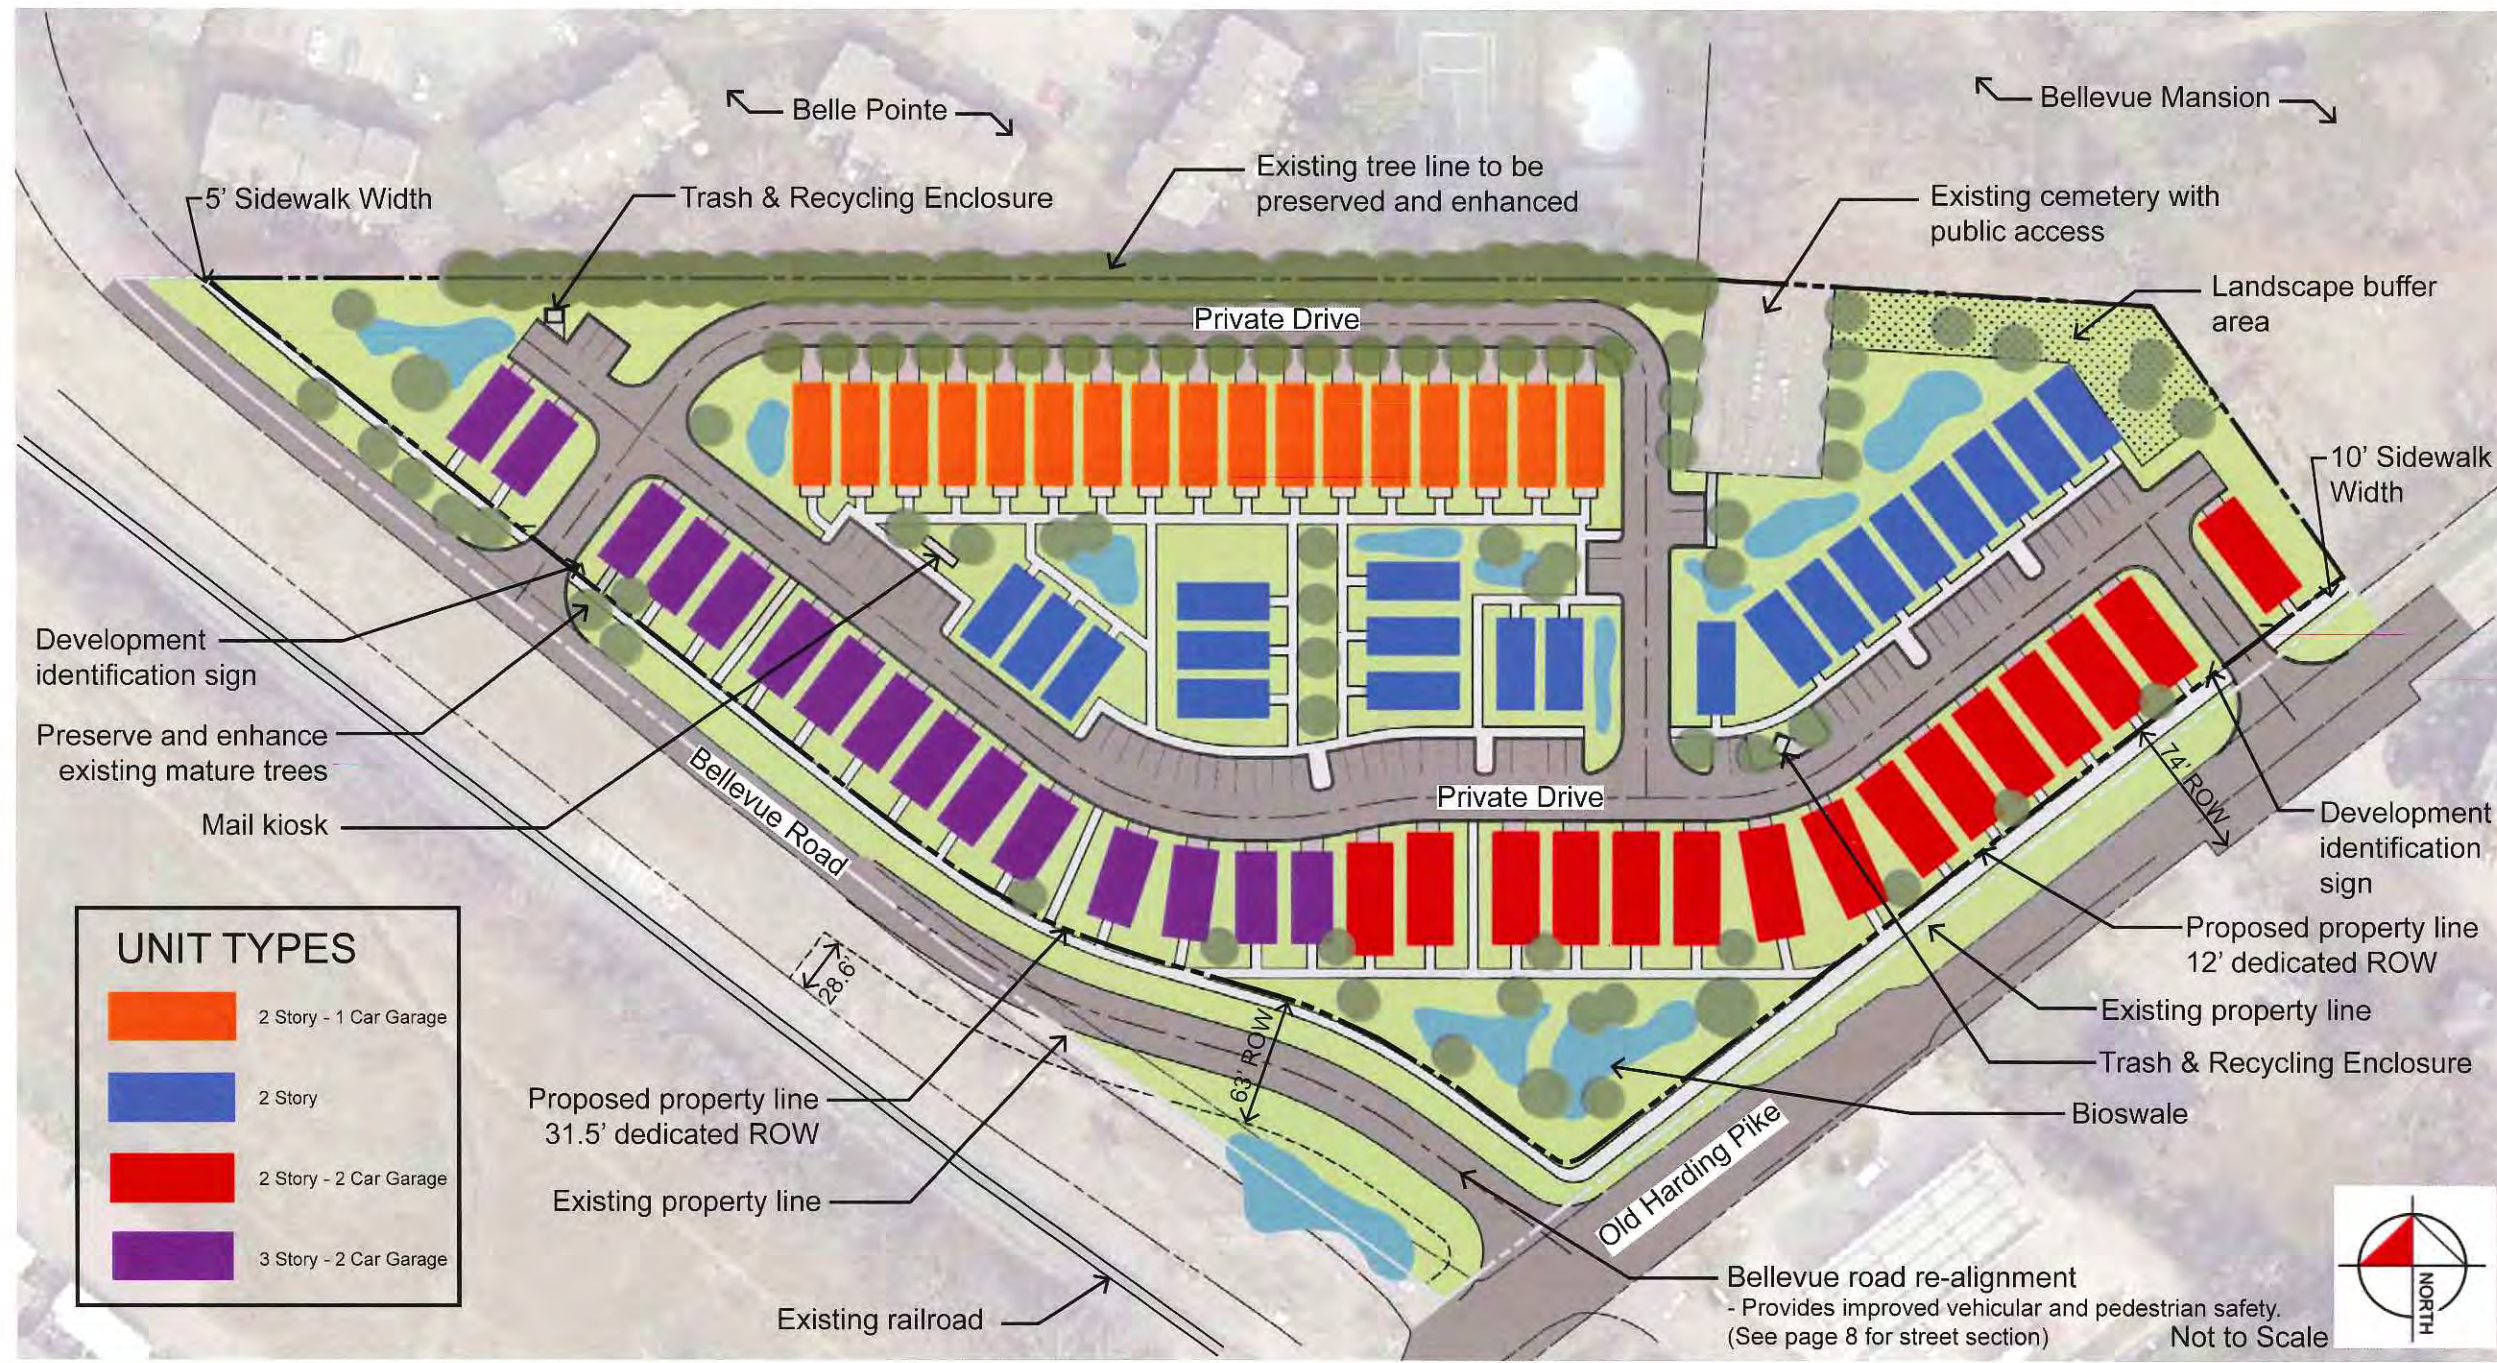

Based on community input and discussions with the councilwoman, the vision for this property is to continue the suburban neighborhood character but with more opportunities for housing choices along with improved pedestrian, bicycle, and vehicular connectivity. This parcel will provide a denser neighborhood with smaller lot sizes compared to the surrounding existing neighborhoods. This is a result of the lack of easily developable land while also bringing a wider range of housing types and a variety of choices.

This plan provides enhancements that improve pedestrian, bicycle, and vehicular connectivity. It supports the planning goals for creating walkable neighborhoods and supporting a variety of transportation choices. Sidewalks, enhanced landscaping, and aesthetically-pleasing architecture that relates to the public street creates a high-quality public realm.

Ample green space is provided throughout this plan for residents to enjoy. A central courtyard and several community greens promote a sense of community along with a complete sidewalk system throughout the development. Rain gardens, bioswales, and other low impact development strategies to treat stormwater will further create a sense of place here at Bellevue Station.

# BELLEVUE STATION

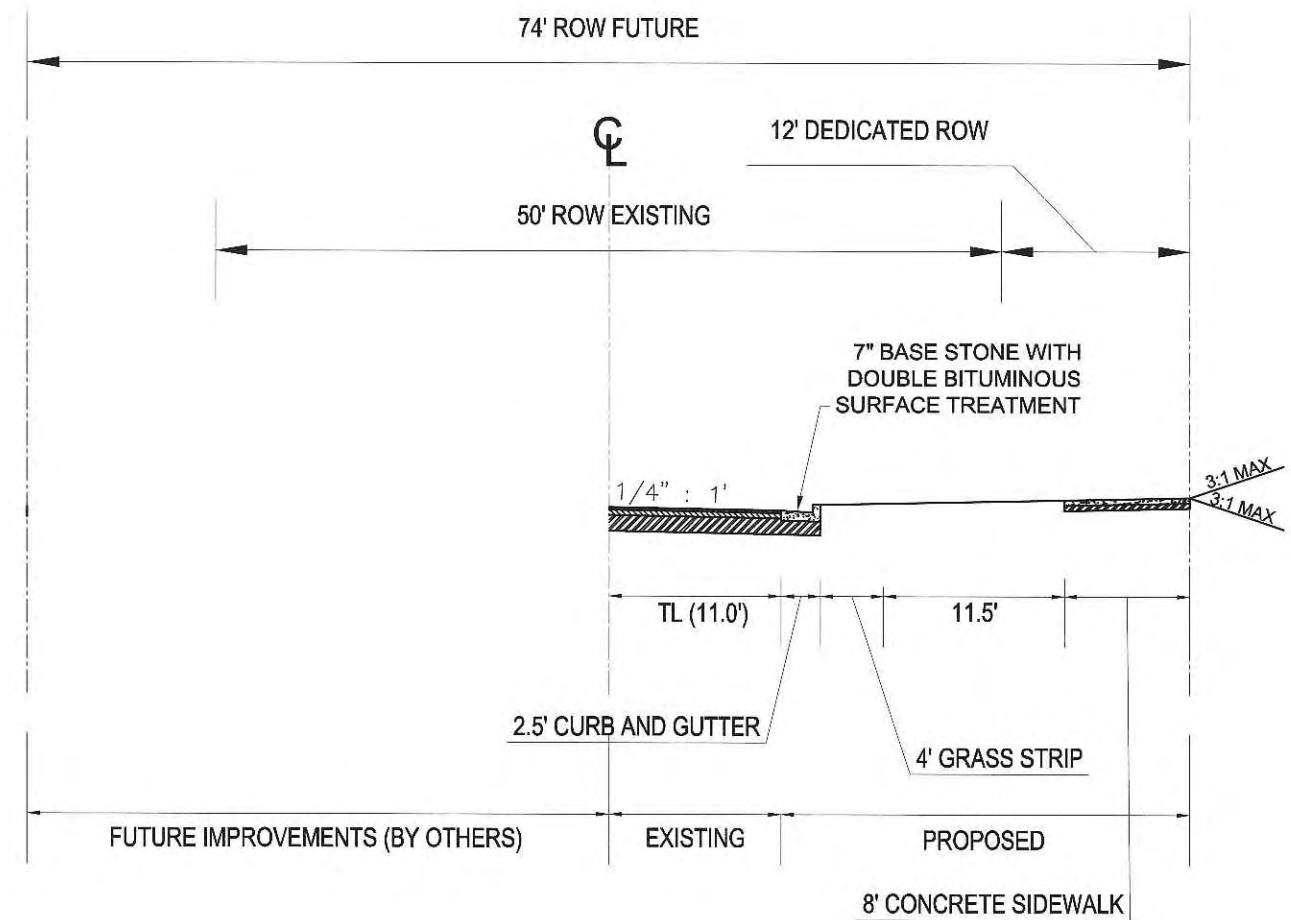

Private Drives

# STREET CORRIDORS

Note: Street improvements will be made to the portions of the R.O.W. highlighted adjacent to our site. Improvements will only be made to half (1/2) of the R.O.W on the proposed development side of street.

Bellevue Road

Old Harding Road

## DEVELOPMENT NOTES

The purpose of this Specific Plan (SP) is to establish a specific plan zoning for this proposed single-family development.

If a development standard, not including permitted uses, is absent from the SP plan and/or Council approval, the property shall be subject to the standards, regulations and requirements of the MUL zoning district as of the date of the applicable request or application.

Minor modifications to the preliminary SP plan may be approved by the Planning Commission or its designer based upon final architectural, engineering or site design and actual site conditions. All modifications shall be consistent with the principles and further the objectives of the approved plan. Modifications shall not be permitted, except through an ordinance approved by Metro Council that increases the permitted density or floor area, add uses not otherwise permitted, eliminates specific conditions or requirements contained in the plan as adopted through this enacting ordinance, or adds vehicular access points not currently present or approved.

All development within the boundaries of this plan will meet the requirements of the Americans with Disabilities Act and the Fair Housing Act.

ADA: <http://www.ada.gov/>

US Justice Department: [http://www.justice.gov/crt/housing/fair-housing/about\\_fairhousingact.html](http://www.justice.gov/crt/housing/fair-housing/about_fairhousingact.html)

This parcel does not lie within the flood hazard areas in accordance with FEMA insurance rate map (FIRM) panel number 47037C0304F.

Any excavation, fill, or disturbance of the existing ground elevation must be done in accordance with storm water management ordinance no. 78/840 and approved by the Metropolitan Department of Water Services.

Metro Water Services shall be provided sufficient and unencumbered access in order to maintain and repair utilities in this site.

Stormwater Note:

The drawings in this submittal are for illustrative purposes to indicate the basic premise of the development. The final details of the plan shall be governed by the appropriate regulations at the time of final application.

## DEVELOPMENT STATISTICS

Proposed Land Use: Single-family residential

### OVERALL SITE TOTAL

Acreage	Open Space (Acres)	Residential Area (Acres)	ROW Dedication	Developable Area (Acres)
7.07	4.69	1.55	0.83	6.24

### Overall Unit Mix

Type	# of Units
2-Story	20
2-Story/1 Car Garage	17
2-Story/2 Car Garage	15
3-Story/2 Car Garage	15
<b>Total</b>	<b>67</b>

Pervious Surface: 2.94 Acres

Impervious Surface:

Buildings: 1.55 Acres

Roads & Sidewalks: 1.75 Acres

Maximum number of units: 75

Maximum ISR: 0.90

Maximum Density: 13 DU/AC

Maximum FAR: None

## PARKING REQUIREMENTS

Parking based on Metro Nashville requirements

### OVERALL PARKING TOTAL

Total Units	Required Parking	Surface Parking Spaces	Garage Parking Spaces	Total Parking
67	134	64	77	141

Homes adjacent to Old Harding Pike and Bellevue Road will be oriented so that they front onto the public right-of-way.

Low-maintenance building materials include cementitious siding with brick and stone accents. EIFS and vinyl siding will not be utilized as a building material.

Building sizes range from 1,200 - 2,150 square feet.

Raised foundations will be provided at a minimum of 12" and a maximum of 36".

Front building facades facing onto streets and open spaces will provide one principal entrance and a minimum of 15% glazing.

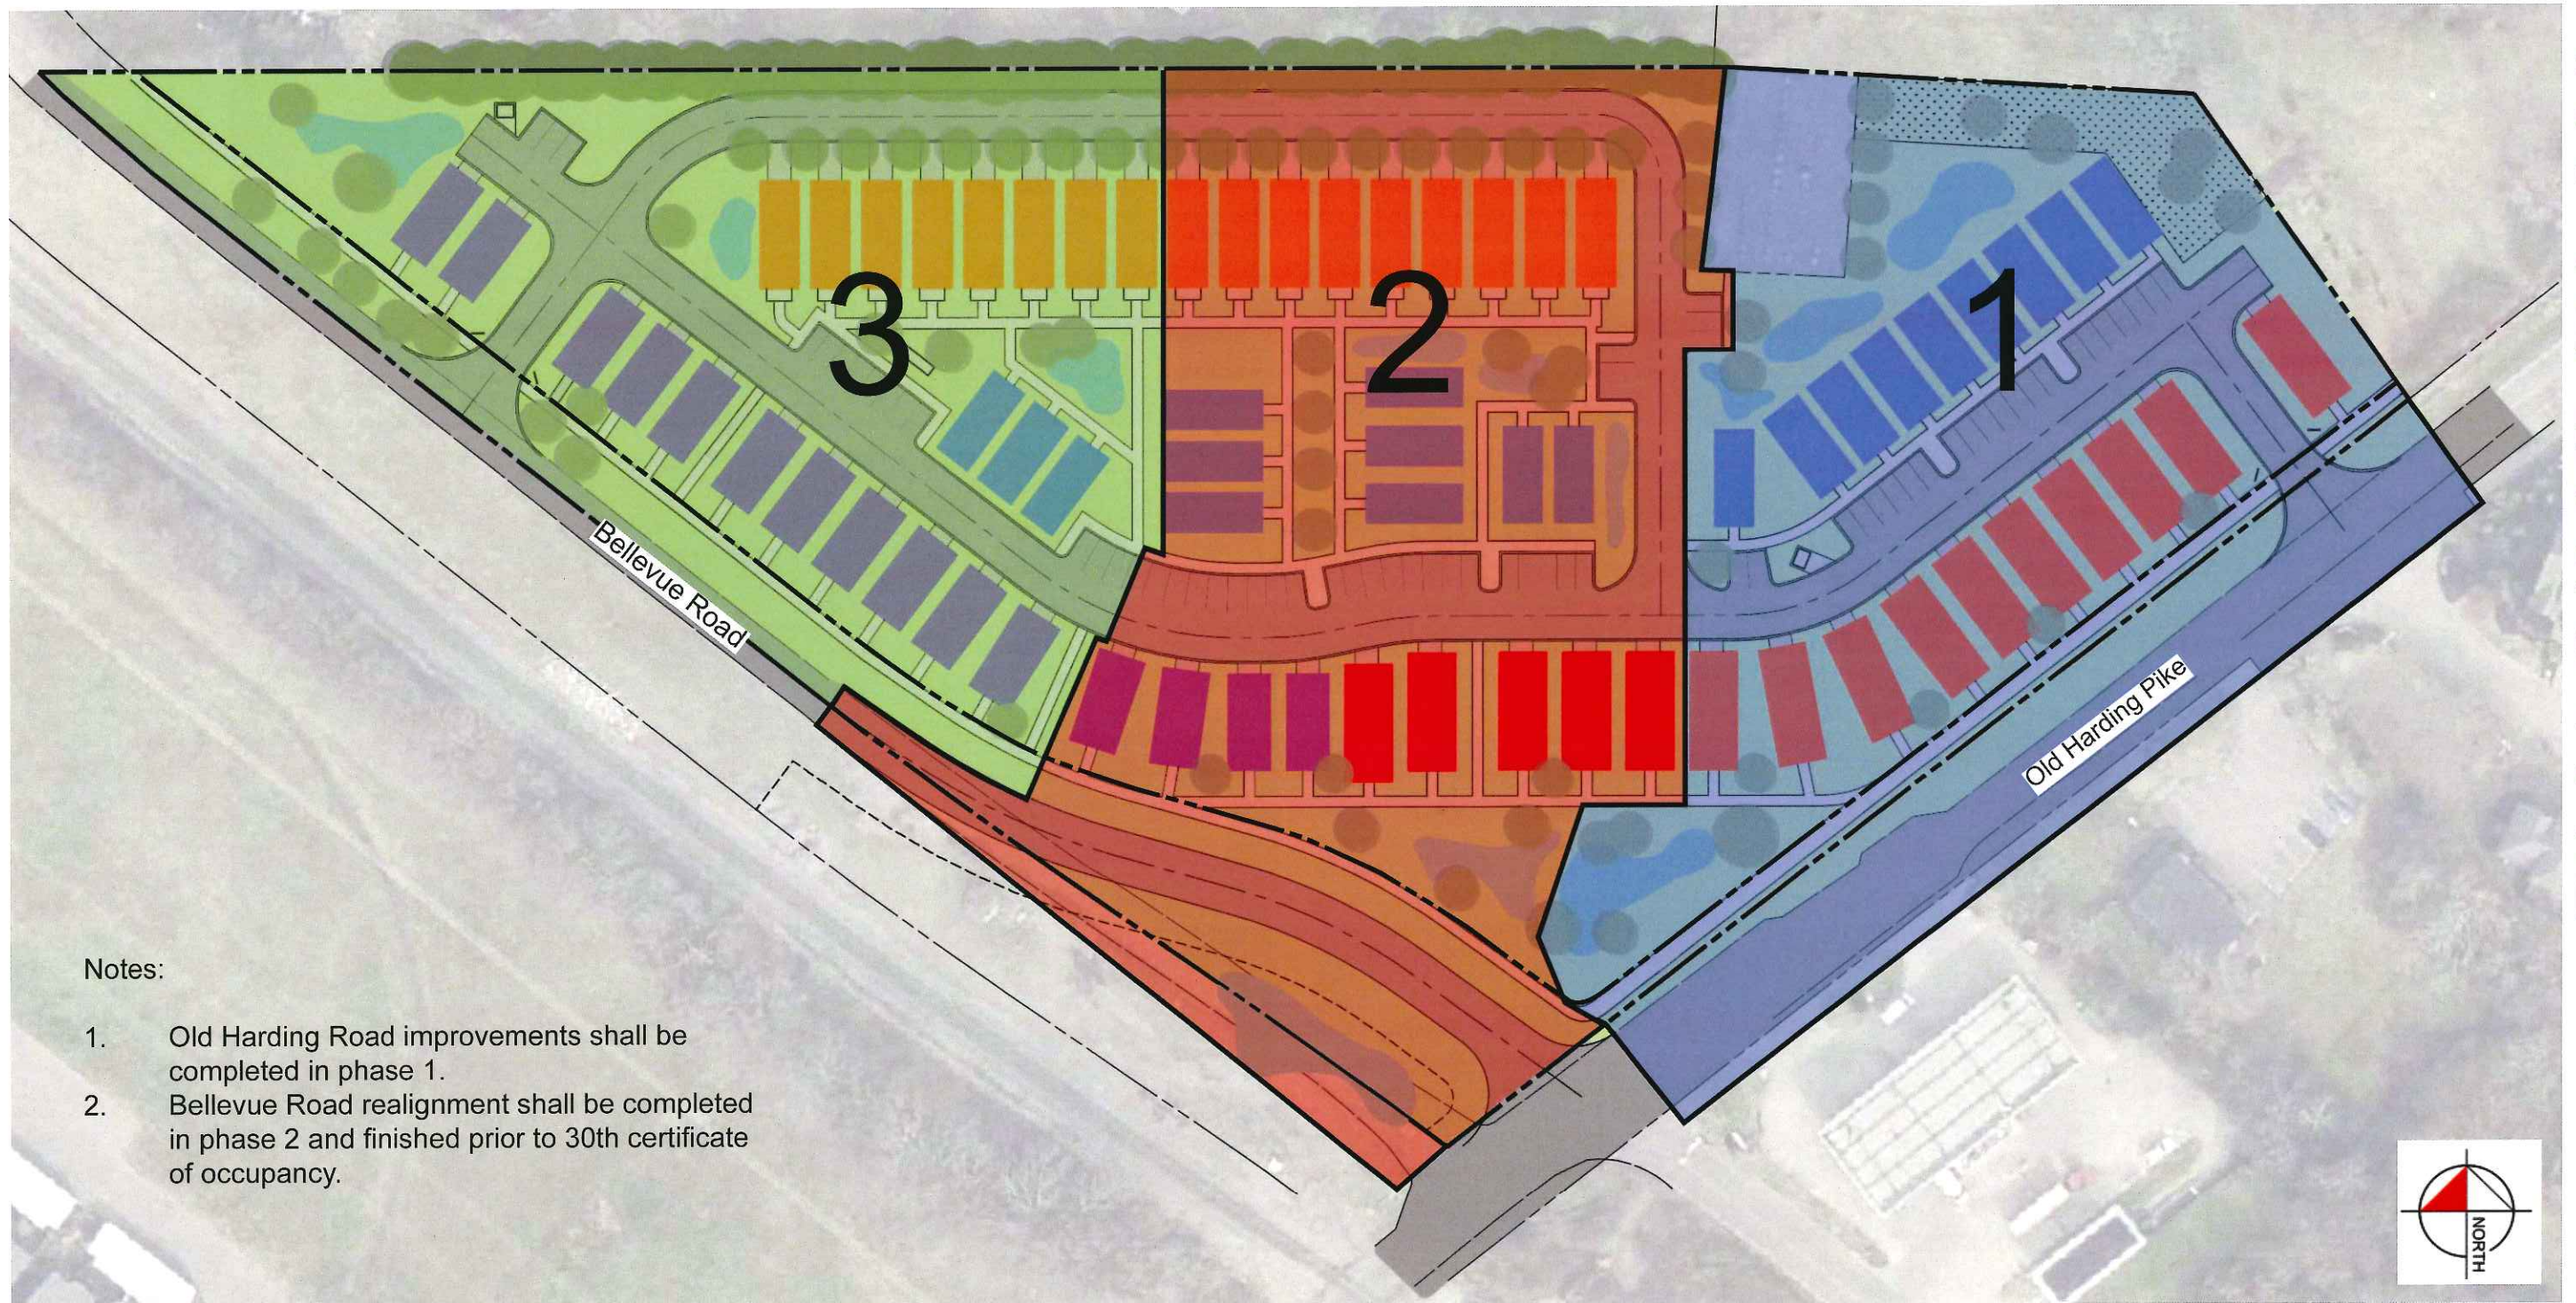

Windows will be vertically orientated at a ratio of 2:1 or greater on the first floor.

Images for illustrative purposes only. Final elevations may vary.

# BUILDING CHARACTERISTICS

# BELLEVUE STATION

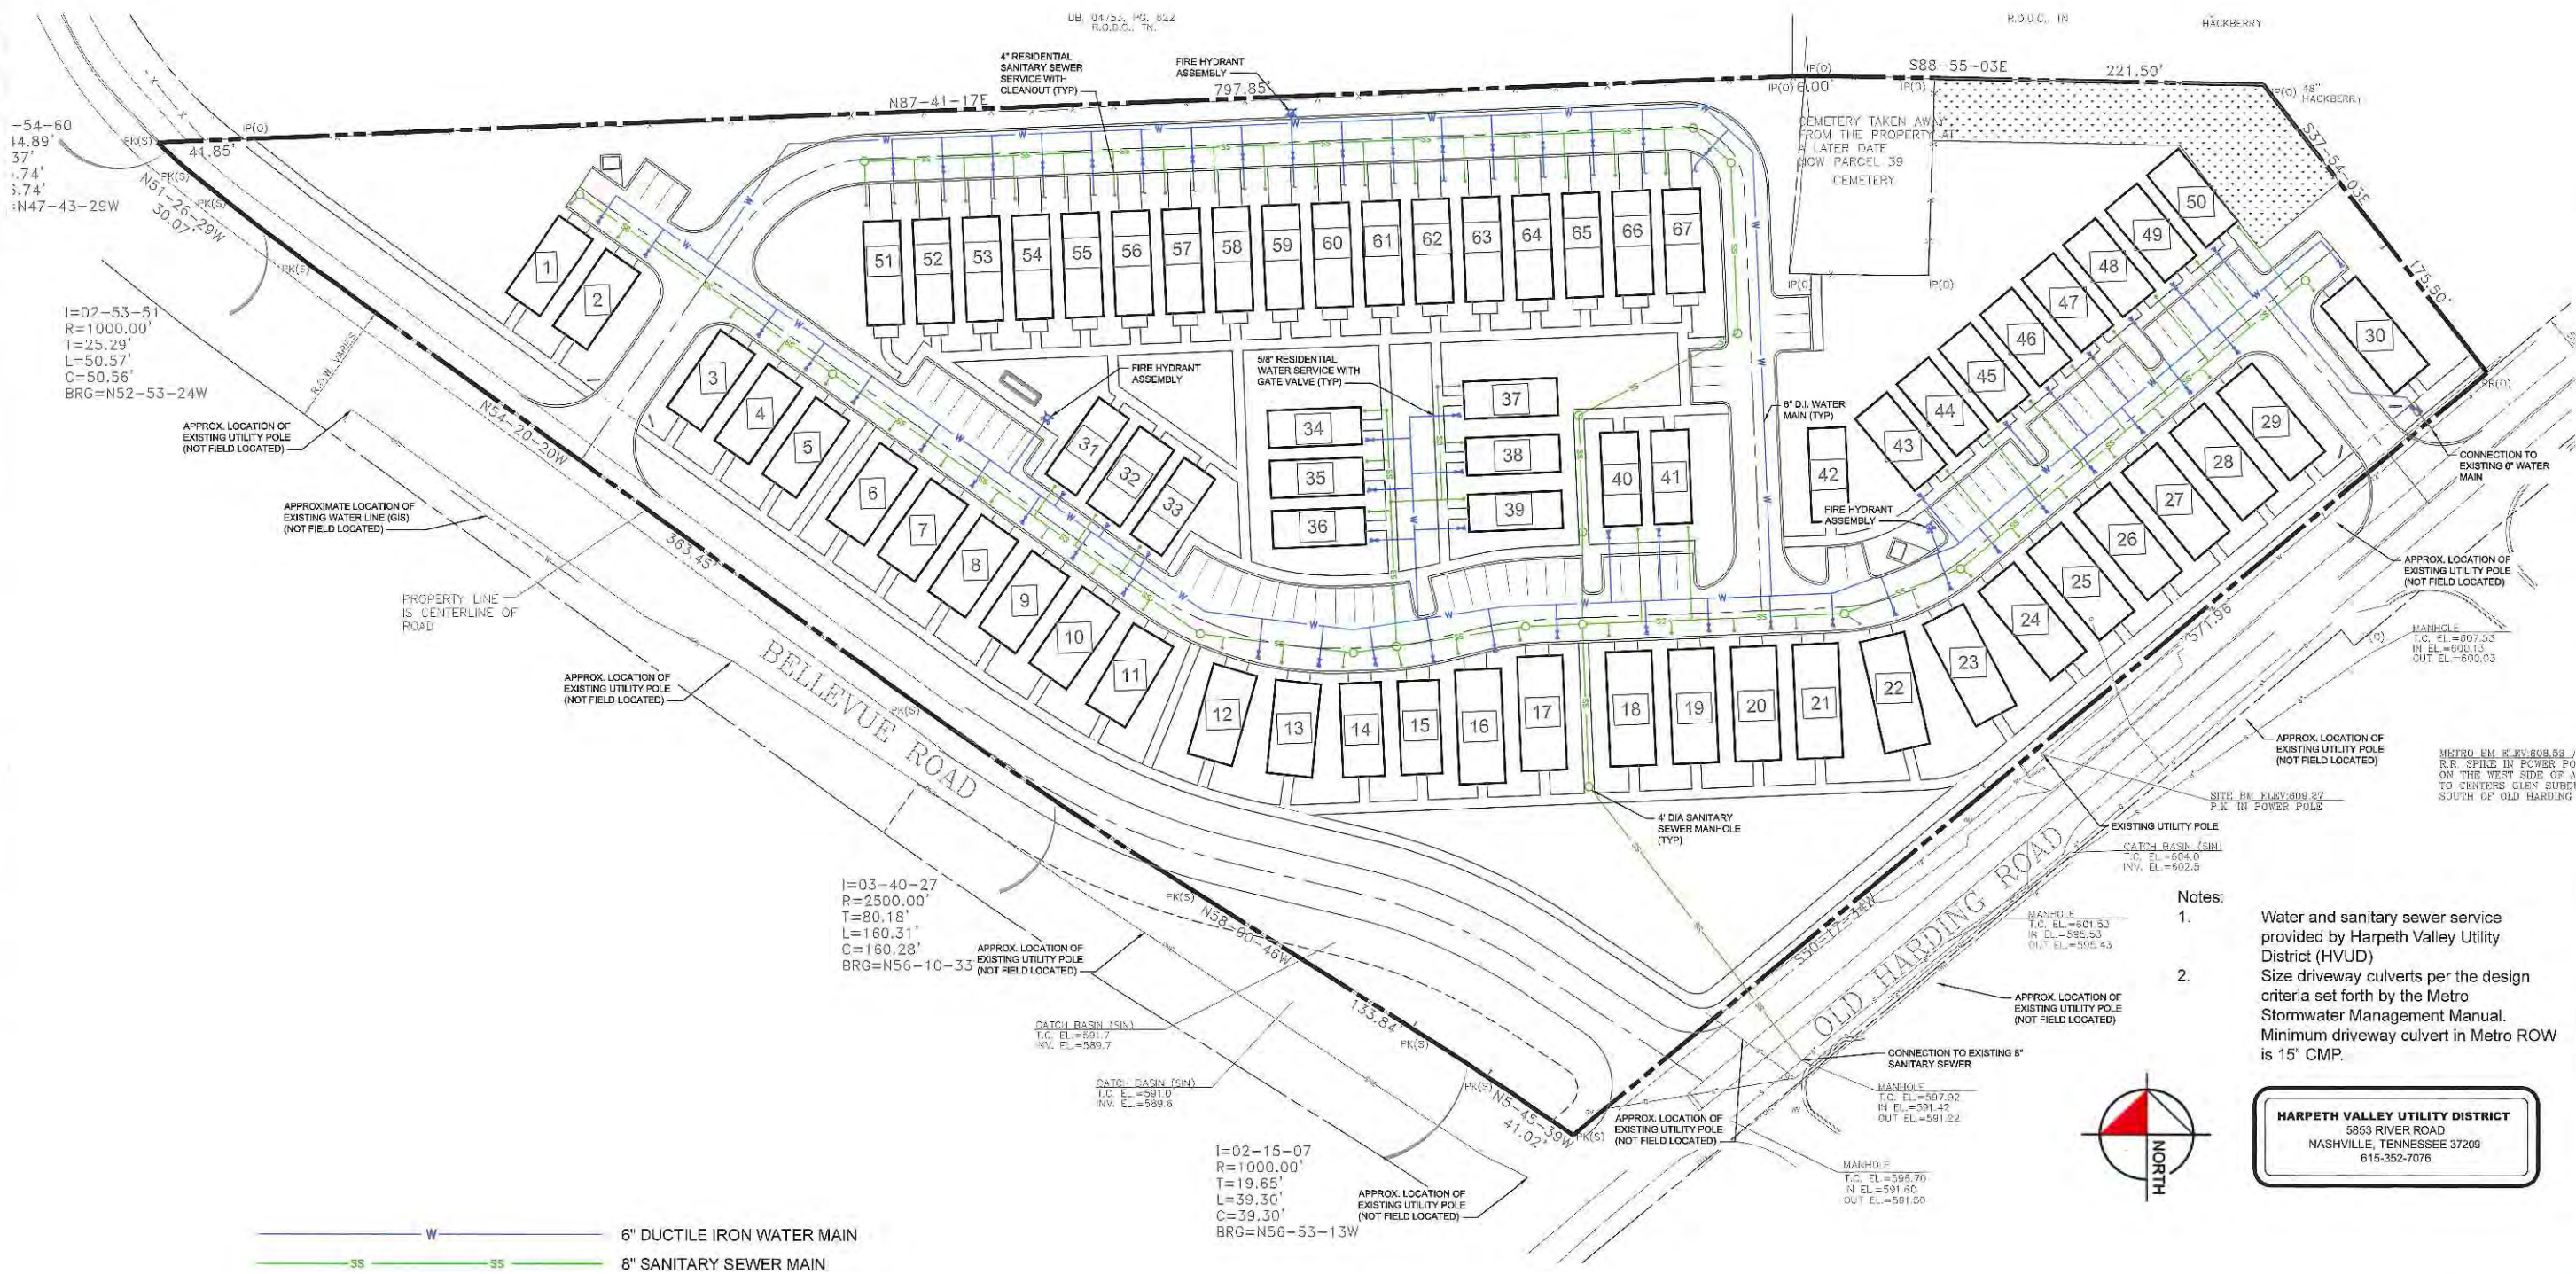

Notes:

1. Old Harding Road improvements shall be completed in phase 1.
2. Bellevue Road realignment shall be completed in phase 2 and finished prior to 30th certificate of occupancy.

# PHASING PLAN

# UTILITY PLAN

- Notes:**
1. Water and sanitary sewer service provided by Harpeth Valley Utility District (HVUD).  
Size driveway culverts per the design criteria set forth by the Metro Stormwater Management Manual. Minimum driveway culvert in Metro ROW is 15" CMP.
