Memorandum

DEPARTMENT OF PUBLIC WORKS
750 SOUTH FIFTH STREET
NASHVILLE, TENNESSEE 37205

From: Bonnie Crumby, Public Works *BC.*
Date: August 2, 2016
REF: Buchanan St & Garfield St proposed name changes
Map 81-8 / District 19 & District 21

During construction of I-65, several streets were divided by the interstate and there were some streets that were re-routed.

Delta Ave on the NW side of I-65 was routed to curve into Buchanan St. This is one continuous roadway but now has 2 names, Delta St & Buchanan St. (see map)

A connection was made across the interstate from Garfield St to Buchanan St and was named "Garfield St". However there is also a continuation of Garfield St in a southerly direction. (See the attached map)

Both of these situations could cause confusion and delays in emergency service response time. To help solve this safety issue, the Councilmembers of District 19 & District 21 have agreed to sponsor name changes to certain sections of roadway to clarify the street names.

The names of the following portion of right-of-way are proposed renamed:

Buchanan St: from terminus of Delta Ave to 9th Ave N is proposed to be renamed "Delta Ave".

Garfield St: from Delta Ave, across interstate, to 9th Ave N is proposed to be renamed "Buchanan St."

Please begin the process to change the names of these sections of right-of way.
